

**Financial Contributions of EuropeAid  
to the UN Funds, Programmes and  
specialized Agencies**

**in 2006**

**EuropeAid financial contributions to the UN system in 2006  
(as at 02.02.2007)**

---

**1/ Methodology**

**These statistics have been prepared with data from CRIS and OLAS information systems (1).** They were prepared by searching the above databases for contracts signed between the Commission and the UN, from 1 January to 31 December 2006 (using the legal entities of the UN Bodies as criteria). The statistics do not include projects in the pipeline (2). **In other words, the figures represent amounts actually contracted in 2006**, and not earmarked amounts.

As these statistics are produced earlier than usual (Feb. 2007), a certain number of 2006 contracts have still to be signed and are listed in the annex as provisionnal, decided or committed. They account for €59 million out of a total of €1009 million.

**2/ Presentation**

Contributions to UN Bodies are presented in alphabetical order. They have been broken down by geographical area and domain. Data are presented in tables and graphs. A summary table covers the period 1999-2005, completed by a list of UN bodies' acronyms.

**The statistics relate only to aid under EuropeAid's responsibility (3).** With one exception, they do not include contributions from other EC Directorates General. Just over €5 million has been included in respect of the Rapid Reaction Mechanism managed by DG RELEX.

**3/ Trends**

It is to be noted that, while the increase between 2004 and 2005 was less than 4% - showing a gradual levelling out - **the increase between 2005 and 2006 is 10%. In the last seven years EuropeAid contributions more than quadrupled (rising from €234 million in 1999 to €1009 million in 2006).**

The most spectacular increases last year concern the following UN bodies :

- **UNFPA** : up from €5 to €45 million (+ 40). €15 million went to Afghanistan's census project and €14 million to intra-ACP countries for a reproductive health project.
- **UNOPS** : up from €3 to €40 million (+37). The "Community Access Roads and Environmental Remediation Programme" totalling €39 million went to Sri Lanka.
- **FAO** : up from €30 to €55 million (+ 25) due to 3 large programmes in Afghanistan and RDC (€9 and €7 million respectively) and Brazil (€5 million, not signed yet).
- **WHO** : up from €14 to €30 million (+ 16). The intra-ACP project on Health MDGs represents €24 million.

Constant trends :

- **UNDP** : up from €422 to €461 million (+39). In the domain of reconstruction/capacity building : three contracts of €120 (highest level ever), €57 and €10 million were signed for Iraq; €30 million for Afghanistan (4th phase of LOFTA); €15 million for Bangladesh. In the field of election support and security : €20 million went to Nigeria; €16 million for RDC. UNDP continues to be the UN partner which receives the highest level of funding from EuropeAid.
- **WFP** : in spite of a decrease from €180 to €126 million - probably in anticipation of the fact that DG ECHO is managing food aid from 2007 - WFP still maintains its 2nd position. The largest contract awarded to WFP was one for €105 million.

In 2006, the value of contracts awarded to UNODC fell from €27 million to €6 million.

**UNDP (€1602 million), WFP (973), UNRWA (644), UNICEF (221), FAO (176), WHO (156), UNHCR (143) are the UN organisations which have received the highest level of funding from EuropeAid between 1999-2006 and for which the amounts contracted in 2006 remain the highest.**

In 2006 the 20 largest contracts signed accounted for over 60% of the total value of contracts with the UN. These contracts, the value of which ranged from € 10 to € 120 million covered the following areas :

- ° **Near East** : € 266 million (Iraq 70%, Palestine 30%) covering, as for last year, reconstruction and assistance to refugees;
- ° **Africa** : € 107 million : 34% relating to Elections in Nigeria and RDC; 20% concerning Capacity Building in Sudan and Somalia; 36% to Health in intra-ACP regions and 10% to water in Ethiopia and neighbouring regions;
- ° **Asia** : € 145 million for Afghanistan (45% for projects on : Law 21%, Mines 14% and Census 10%), Sri Lanka (28% : Environmental Programme); Bangladesh (10% : Capacity Building), Indonesia (10% : Education) and Pakistan (7% : Education)
- ° **"All countries"** : € 105 million (food security).

A contract was signed in 2006 with MONUC (the UN Mission in the DRC) for the first time, to implement a network for civil society and victims/witnesses' protection.

#### 4/ Strategic Partnerships

Six strategic partnerships have so far been signed with the following UN organisations, UNDP, WHO, ILO and FAO (2004), UNHCR and WFP (2005).

#### 5/ Millenium Development Goals and Peace-Building Policy

Following the innovation introduced last year, the statistics show the extent to which external assistance provided by the Commission is focused on the Millennium Development Goals (MDGs) and on Peace-Building (following the creation of the UN Peace-building Commission in December 2005). Some programmes, particularly in the area of capacity building and the environment, address both the MDGs and Peace-Building. Comparing with data for 2005 shows some significant differences (e.g. for MDG 1 and democratisation). Data capture for these thematic areas still needs to become more precise, however it is clear that contracts with our UN partners focuses on these two important areas.

° The total amount contracted with direct links to the MDGs in 2006 was € 770 million. The highest contribution was in respect of MDG 8 - global partnership for development (good governance, trading...) with 36% and MDGs 1 and 2 - the fight against hunger and poverty reduction, with 24%.

° The total amount contracted with direct links to Peacebuilding in 2006 was € 806 million. The highest contributions cover the domains of Democratisation and institution building (36%) and support to refugees (11 %).

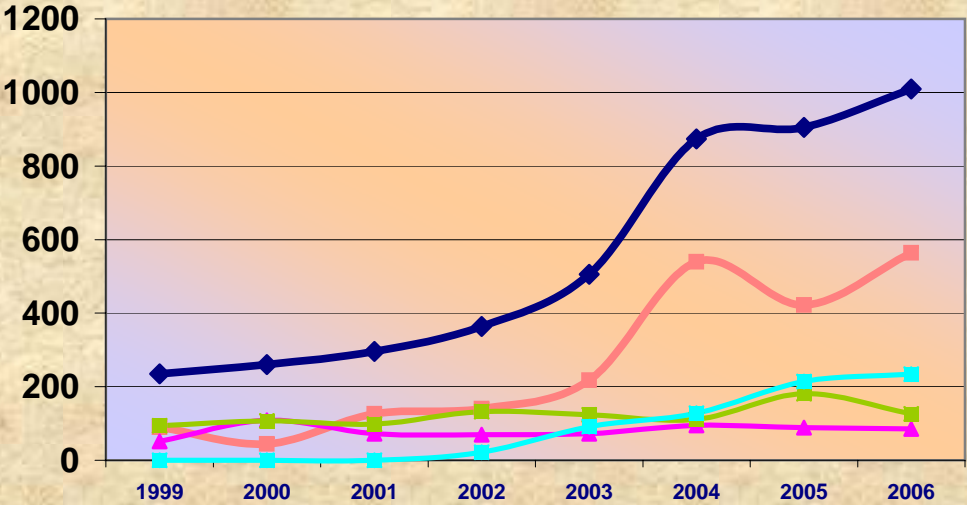

---

(1) CRIS (Common Relex Information System) and OLAS are databases containing financial data on projects funded from respectively the general Commission budget and the European Development Fund. While the latter is the funding source of aid to ACP countries (Africa, Caribbean and Pacific, about €3 billion committed per year), the general Commission budget is the funding source for aid to the rest of the world (about €4 billion per year).

(2) E.g.: those agreed in principle, those at identification stage, etc.

(3) EuropeAid is responsible for implementing the external aid of the European Commission which is funded by the European Community budget and the European Development Fund. It does not deal with pre-accession aid programmes (Phare, Ispa and Sapard), humanitarian assistance, and macro-financial assistance, the Common Foreign and Security Policy (CFSP) or the Rapid Reaction Facility.

**EuropeAid Financial Contributions to the United Nations (€mios)**  
**1999 - 2006**

- ◆ TOTAL
- Total excluding UNRWA, WFP and UNDP (Iraq - Afghanistan only)
- ▲ UNRWA
- WFP (PAM)
