

QUARTERLY ACCOUNTS

Output Side – Fourth Quarter 2000

Trade, transport and communication services show highest growth of all branches

Ingo KUHNERT

Eurostat's estimates ⁽¹⁾ concerning the fourth quarter of 2000 show that the growth of the GDP accelerated in relation to the previous quarter in the euro-zone ⁽²⁾, reaching 0.7% (+0.6% in the third quarter), while remaining stable at 0.6% in the European Union as a whole (EU15).

Total gross value added (GVA) kept a stable 0.7% pace both in the euro-zone and in the EU15. Compared to the fourth quarter of 1999, the GVA slowed down to 3.3% in the euro-zone and to 3.2% in EU15, having reached 3.5% and 3.4%, respectively, in the previous quarter.

The highest contributions to the GDP growth rate were observed for the *Trade, transport and communication services* branch (+0.3 and +0.2 of the GDP variation for the euro-zone and the EU15, respectively) and the *Financial and business services* branch (+0.2 and +0.3 of the GDP variation, respectively). The *Industry* branch recorded a positive development, although less important when compared to the previous quarter (+0.1 of the GDP for both). The *Other services* branch confirmed the previous quarter's results (+0.1 of the GDP variation for both), while the *Agriculture, hunting and forestry* branch as well as *Construction* had virtually no effect on GDP growth (0.0 of the GDP variation for both).

⁽¹⁾ *Methodological note: data for the euro-zone and the EU15 are calculated in a coherent statistical framework, using as indicators the data of all the Member States compiling quarterly accounts. Aggregations for the euro-zone and the EU15 were carried out using the seasonally adjusted data of the Member States. These data are also corrected for working days for Germany, Spain, France, the Netherlands, Sweden and the United Kingdom.*

⁽²⁾ *The euro-zone consists of Belgium, Germany, Spain, France, Ireland, Italy, Luxembourg, the Netherlands, Austria, Portugal and Finland.*

DEVELOPMENT OF GDP AND GVA BY INDUSTRY

The euro-zone and the EU15

Eurostat's estimates concerning the fourth quarter of 2000 show that the growth of GDP accelerated in the euro-zone in comparison with the previous quarter, reaching 0.7%, while remaining at 0.6% in the European Union as a whole (EU15). These results follow a 0.6% growth in both areas in the third quarter of 2000.

Total gross value added (GVA) growth remained stable at 0.7% both in the euro-zone and the EU15. Compared to the fourth quarter of 1999, the growth of GVA slowed down to 3.3% in the euro-zone and to 3.2% in the EU15, having reached 3.5% and 3.4%, respectively, in the previous quarter.

With regard to the production branches, acceleration of the value added growth was observed in the **Trade, transport and communication services** branch (+1.3% in the euro-zone and +1.2% in the EU15, following +0.5% and +0.6% in the previous quarter). This is the branch that reached the highest growth rate during the fourth quarter of 2000.

The **Financial and business services** branch recorded a positive result too (+1.0% for the euro-zone and +1.1% for the EU15), however weaker in comparison with the results of the previous quarter, when the growth of value added had reached 1.3% and 1.4% in the euro-zone and in the EU15, respectively.

The growth of **Industry, including energy** slowed down to 0.5% and 0.4% in the euro-zone and in the EU15, respectively, having reached 0.7% for both in the previous quarter.

The **Other services** developed at a 0.4% growth rate in both areas, after having recorded 0.3% in the previous quarter.

The **Construction** branch recorded a resumption both in the euro-zone and in the EU15 (+0.3% for both), compared with -0.3% for the euro-zone and -0.6% for the EU15 during the third quarter of 2000.

The **Agriculture** branch recorded a -0.4% and -0.5% fall in the euro-zone and in the EU15, respectively, in comparison with a growth rate of +1.8% and of +1.2%, respectively, during the third quarter of 2000.

The Member States of the European Union

During the fourth quarter of 2000, the growth of the Total gross value added of the EU Member States was

rather heterogeneous: it slowed down in Germany (+0.3%), in Austria (+0.5%), in Finland (+1.0%) and in the United Kingdom (+0.4%). Conversely, acceleration was recorded in Belgium (+1.2%), in Denmark (+1.1%), in France (+0.9%) and in Italy (+1.1%). The growth of the GVA remained stable in Spain (+0.7%) and in the Netherlands (+1.0%), while a fall was noticed in Portugal (-0.6%).

With regard to the production branches, **Agriculture** recorded its maximum growth in Spain with +1.9% but also a -10.8% fall in Finland. **Construction** recorded its highest growth in Belgium (+3.0%) and lowest in Denmark (-3.9%). For **Industry, including energy**, a +2.7% growth was observed in Finland as well as a -2.8% fall in Portugal. The **Financial and business services** recorded the highest growth in Denmark (+2.7%) and the lowest one in Portugal (-0.4%). The **Trade, transport and communication services** branch had its maximum growth in the Netherlands (+2.4%) and the least one in Portugal (0.0%). The **Other services** branch recorded the highest growth in Portugal (+1.6%) and the lowest one in Denmark (-0.6%).

Percentage change of gross value added compared to the previous quarter, by branch (*), fourth quarter 2000, at constant prices (1995)

Order form

I would like to subscribe to Statistics in focus (from 1.1.2001 to 31.12.2001):
 (for the Data Shop and sales office addresses see above)

Formula 1: All 9 themes (approximately 140 issues)

Paper: EUR 360

Language required: DE EN FR

Formula 2: One or more of the following seven themes:

Theme 1 'General statistics'

Paper: EUR 42

Theme 2 'Economy and finance'

Theme 3 'Population and social conditions'

Theme 4 'Industry, trade and services'

Theme 5 'Agriculture and fisheries'

Theme 6 'External trade'

Theme 8 'Environment and energy'

Paper: EUR 84

Language required: DE EN FR

Statistics in focus can be downloaded (pdf file) free of charge from the Eurostat web site. You only need to register. For other solutions, contact your Data Shop.

Please send me a free copy of 'Eurostat mini-guide' (catalogue containing a selection of Eurostat products and services)
 Language required: DE EN FR

I would like a free subscription to 'Statistical References', the information letter on Eurostat products and services
 Language required: DE EN FR

Mr Mrs Ms

(Please use block capitals)

Surname: _____ Forename: _____
