QUARTERLY ACCOUNTS

Output Side

First Quarter 2001

Ingo KUHNERT

Eurostat's estimates ⁽¹⁾ concerning the first quarter of 2001 show that the growth of GDP slowed down slightly compared to the previous quarter both in the euro-zone ⁽²⁾ and in the European Union as a whole (EU15), reaching 0.5 % (+ 0.6 % in the fourth quarter of 2000).

The growth rate of the *total Gross value added* (GVA) declined to 0.6 % both in the euro-zone and in the EU15 (+ 0.7 % during the two previous quarters). In comparison with the first quarter of 2000, GVA growth slowed down to 2.7 % in the euro-zone and to 2.8 % in the EU15, having reached + 3.3 % and + 3.2 %, respectively, during the previous quarter.

The highest contributions to GDP growth were observed for the branches *Industry* (+ 0.3 and + 0.2 of the GDP variation for the euro-zone and the EU15, respectively) and *Business activities and financial services* (+ 0.2 of the GDP variation for both areas). The *Trade, transport and telecommunications* branch recorded a positive development – although less pronounced than in the previous quarter (+ 0.1 of the GDP variation for both areas) – while the branch of *Other services* confirmed the previous quarter's results (+ 0.1 of the GDP variation for both areas). The branch of *Agriculture, hunting and fishing* had almost no effect on GDP growth (0.0 of the GDP variation for both areas), while that of *Construction* was negative in the euro-zone (– 0.1 of the GDP variation) and negligible in the EU15 (0.0 of the GDP variation).

⁽¹⁾ Methodological note: data for the euro-zone and EU15 are calculated in a coherent statistical framework, using as indicators the data of all the Member States compiling quarterly accounts. Aggregations for the euro-zone and EU15 were carried out using the seasonally adjusted data of the Member States. These data are also corrected for working days for Germany, Spain, France, the Netherlands, Sweden and the United Kingdom.

⁽²⁾ The euro-zone consists of Belgium, Germany, Greece (starting from January 1st 2001), Spain, France, Ireland, Italy, Luxembourg, the Netherlands, Austria, Portugal and Finland. Euro-zone data cover eleven Member States till end 2000; with Greece's entry into the euro-zone from the beginning of 2001 onwards, they cover twelve Member States. The euro-zone is treated as an entity regardless of its composition.

DEVELOPMENT OF GDP AND GVA BY INDUSTRY

The euro-zone and the EU15

Eurostat's estimates concerning the first quarter of 2001 show that the GDP growth slowed down in comparison with the previous quarter both in the euro-zone and in the European Union as a whole (EU15), reaching 0.5 %. These results follow a 0.6 % growth for both areas during the fourth quarter of 2000.

The growth of the **total Gross value added** (GVA) slowed to 0.6 % both in the euro-zone and in the EU15. In comparison with the first quarter of 2000, the growth of GVA slowed to 2.7 % in the euro-zone and to 2.8 % in the EU15, having reached 3.3 % and 3.2 %, respectively, during the previous quarter.

With regard to the production branches, the growth of gross value added accelerated in the branch of **Industry, including energy** (+ 1.3 % in the euro-zone and + 1.0 % in the EU15, after + 0.5 % and + 0.4 % in the previous quarter). This branch achieved the highest GVA growth rates during the first quarter of 2001.

The **Business activities and financial services** branch recorded a positive result too (+ 0.7 % for the euro-zone and + 0.9 % for the EU15), nevertheless slowing in comparison with the previous quarter's results, where the growth of value added had reached 0.9 % and 1.0 % in the euro-zone and in the EU15, respectively.

The growth of the **Trade, transport and communications** branch experienced a net downturn to 0.5 % in both areas, having reached + 1.1 % and + 1.0 %, respectively, during the previous quarter.

The **Other services** branch continued increasing steadily, recording a 0.3 % growth rate for the third consecutive quarter in both areas.

The **Construction** branch recorded a net fall both in the euro-zone and in the EU15 (- 1.2 % and - 0.7 %, respectively), in comparison with + 0.3 % for the euro-zone and + 0.5 % for the EU15 during the fourth quarter of 2000.

The **Agriculture** branch saw a worsening of its negative growth at - 0.8 % and - 0.6 %, respectively in the euro-zone and in the EU15, following a - 0.3 % drop in both areas during the previous quarter.

The Member States of the European Union

During the first quarter of 2001, the growth of total gross value added (GVA) was lower than in the previous

quarter in seven Member States, still being positive in Belgium (+ 0.5 %), in France (+ 0.4 %), in Italy (+ 0.9 %) and in Austria (+ 0.3 %). In Denmark (- 1.2 %), in the Netherlands (- 0.1 %) as well as in Finland (- 0.1 %), it suffered a fall. On the contrary, an acceleration was recorded in Germany (+ 0.6 %), in Spain (+ 0.8 %) and in the United Kingdom (+ 0.6 %). The growth of GVA recorded a recovery in Portugal (+ 0.7 %).

With regard to the production branches, **Agriculture** recorded its maximum growth at + 2.4 % in Denmark and its strongest drop at - 7.5 % in the Netherlands. **Construction** recorded its highest growth in Denmark (+ 6.0 %) and the lowest one in Germany (- 5.5 %). For the branch **Industry, including energy**, a recovery to + 2.3 % was observed in Germany along with a - 1.5 % fall in Denmark. The **Business activities and financial services** branch recorded the highest growth in Belgium (+ 1.8 %) and the lowest one in Finland (- 2.0 %). The **Trade, transport and communications** branch saw its maximum growth in Portugal (+ 2.3 %) and the lowest in Denmark (- 3.9 %). Finally, the **Other Services** branch recorded the highest growth in the Netherlands (+ 0.7 %) and the lowest in Denmark (- 0.6 %).

Percentage change of gross value added compared to the previous quarter, by branch (*), first quarter 2001, at constant prices (1995)

Order form

I would like to subscribe to Statistics in focus (from 1.1.2001 to 31.12.2001):

(for the Data Shop and sales office addresses see above)

Formula 1: All 9 themes (approximately 140 issues)

Paper: EUR 360
Language required: DE EN FR

Formula 2: One or more of the following seven themes:

Theme 1 'General statistics'
 Paper: EUR 42
 Theme 2 'Economy and finance'
 Theme 3 'Population and social conditions'
 Theme 4 'Industry, trade and services'
 Theme 5 'Agriculture and fisheries'
 Theme 6 'External trade'
 Theme 8 'Environment and energy'
 Paper: EUR 84

Language required: DE EN FR

Statistics in focus can be downloaded (pdf file) free of charge from the Eurostat web site. You only need to register. For other solutions, contact your Data Shop.

Please send me a free copy of 'Eurostat mini-guide' (catalogue containing a selection of Eurostat products and services)
Language required: DE EN FR

I would like a free subscription to 'Statistical References', the information letter on Eurostat products and services
Language required: DE EN FR

Mr Mrs Ms
(Please use block capitals)

Surname: _____ Forename: _____

Company: _____ Department: _____

Function: _____

Address: _____

Post code: _____ Town: _____

Country: _____

Tel.: _____ Fax: _____

E-mail: _____

Payment on receipt of invoice, preferably by:

Bank transfer
 Visa Eurocard

Card No: _____ Expires on: ____/____

Please confirm your intra-Community VAT number:

If no number is entered, VAT will be automatically applied. Subsequent reimbursement will not be possible.
