ELECTRICITY STATISTICS

Marielle BASSAN

ELECTRICITY CONSUMPTION HAS GONE DOWN RESPECTIVELY BY 0.7% AND 0.5% IN THE MEMBER STATES AND IN THE ACCEDING COUNTRIES IN 2002

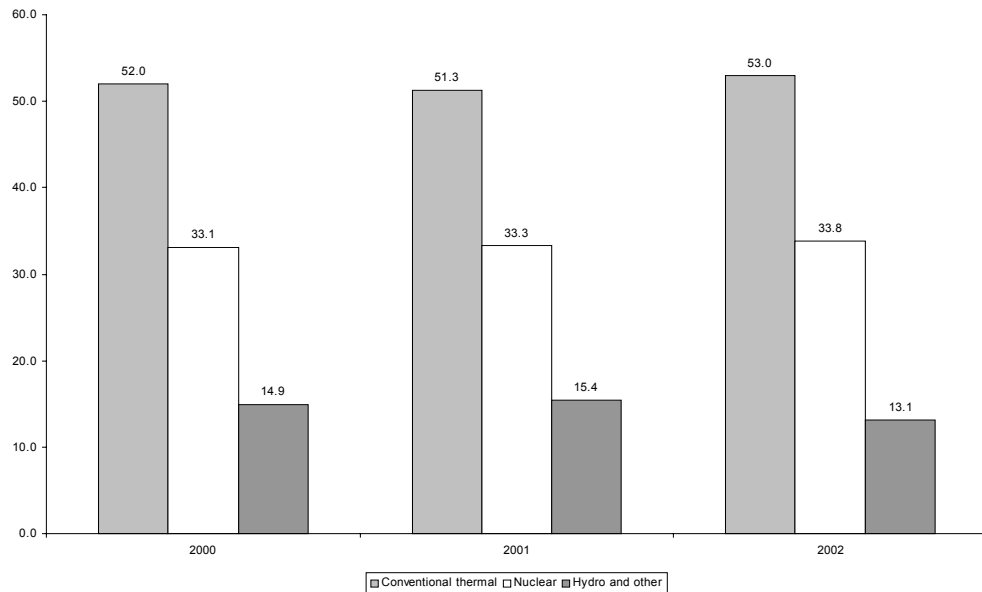

Figure 1: Contribution of sources to total production in % for EU-15

In 2002, electricity production in the European Union decreased compared to 2001 (-0.6%). There were substantial increases in Denmark (+3.0%), the Netherlands (+2.8%) and Belgium (+2.5%) while production rose more moderately in Italy, France, Finland and Germany. The exceptional increase in Luxembourg is due to the introduction of a new co-generation plant. Electricity production decreased in Sweden (-9.1%), Spain (-5.2%), Austria (-3.4%), Ireland (-3.0%), the United Kingdom (-1.9%), Portugal (-1.8%) and Greece (-1.8%).

With regard to the structure of production in the European Union it can be seen that in 2002 :

- Conventional thermal electricity generation increased by 2.7% and accounted for 53.0 % of total production ;
- Electricity generation from nuclear power stations also increased (+1.0%) and represented 33.8% of total production ;
- Hydroelectric power generation fell by 15.2% and accounted for 13.1% of the total.

In 2002, total net imports for the European Union were 34.9TWh representing 1.4% of production.

Electricity supplied in the European Union in 2002 amounted to 2521.3 TWh, a decrease of 0.7% compared with 2001.

In the year 2002, total production in Norway, which is almost entirely from hydroelectric power generation, increased by 8.7%, while electricity supplied fell by 2.0% compared to the year 2001.

Table 2: Contribution of sources to the production of electricity in the EU

ELECTRICITY PRODUCTION IN THE ACCEDING COUNTRIES AND IN THE CANDIDATE COUNTRIES

Electricity production in the Acceding Countries (Czech Republik, Cyprus, Estonia, Hungary, Latvia, Lithuania, Malta, Poland, Slovakia and Slovenia) increased in 2002 by 0.4% with reference to 2001, while in the Candidate Countries (Acceding Countries plus Bulgaria, Romania and Turkey) it rose by 2.1%.

With regard to the structure of production, it can be seen that in 2002 :

- Conventional thermal electricity generation decreased by 1.5% in the Acceding Countries and by 1.6% in the Candidate Countries and accounted respectively for 73.6% and 70.1% of total production ;
- Electricity generation from nuclear power stations increased in the Acceding Countries (+13.5%) and in the Candidate Countries (+10.6%) representing 21.2% and 17.0% of total production respectively ;
- Hydroelectric power generation fell by 16.1% in the Acceding Countries but rose by 13.6% in the Candidate Countries representing respectively 5.2% and 12.9% of the total.

In 2002, total net exports for the Acceding Countries were 24.1 TWh representing 7.8% of production. For the Candidate Countries total net exports were 30.1 TWh (5.8% of production).

Electricity supplied in the Acceding Countries amounted to 281.7 TWh, a decrease of 0.5% compared with 2001 and 490.6 TWh in the Candidate Countries, an increase of 1.2 %.

Order form

I would like to subscribe to *Statistics in focus* (from 1.1.2003 to 31.12.2003):

(for the Data Shop and sales office addresses see above)

All 9 themes (approximately 200 issues)

Paper: EUR 240

Language required: DE EN FR

Statistics in focus can be downloaded (pdf file) free of charge from the Eurostat web site. You only need to register. For other solutions, contact your Data Shop.

Please send me a free copy of 'Eurostat mini-guide' (catalogue containing a selection of Eurostat products and services)

Language required: DE EN FR

I would like a free subscription to 'Statistical References', the information letter on Eurostat products and services

Language required: DE EN FR

Mr Mrs Ms

(Please use block capitals)

Surname: _____ Forename: _____

Company: _____ Department: _____

Function: _____

Address: _____

Post code: _____ Town: _____

Country: _____

Tel.: _____ Fax: _____

E-mail: _____

Payment on receipt of invoice, preferably by:

Bank transfer

Visa Eurocard

Card No: _____ Expires on: ____/____/____

Please confirm your intra-Community VAT number:

If no number is entered, VAT will be automatically applied. Subsequent reimbursement will not be possible.
